

Spirit Crossing Clubhouse

Community Volunteer Description

Community volunteers are welcome to provide service in a variety of areas. An understanding of the Clubhouse Model is desired. Spirit Crossing Clubhouse is a voluntary program for its clubhouse members; therefore community volunteers shall not exceed the number of Clubhouse members on any specified project or program.

Opportunities:

- 1) Community Advisory Council: 2 year term commitment to uphold the mission and vision Spirit Crossing Clubhouse. Provide support and consultation for fundraising, employment development and advocacy through community education about the Clubhouse and mental health. Clubhouse Orientation and review of Council application by Advisory Council is required.
- 2) Volunteer Tutoring: Proved tutoring services in field of expertise to Clubhouse members participating in Supported Education program. Hours specified per need and availability of both parties. This position requires work ordered day program participation at desired level, and must register as a SummitStone Health Partners Volunteer, by completing an application evaluation by Volunteer Coordinator, and Human Resources back ground check and drug testing.
- 3) Community group/individual volunteers: A variety of projects and activities can be organized for short term volunteer work. Past group projects have included, painting of facility, construction of raised garden beds, and course marshaling at annual 5K walk/run fundraiser. Individual volunteers (1 to 2 hours sessions) for wellness education program activities included; budget counseling, nutrition counseling, travel training, fitness training, etc. Signature of Confidentiality Statement is required for all short term volunteers.
